The City of Ennis Parks and Recreation Department does an outstanding job of keeping Ennis parks clean and maintained. But the less time they have to spend picking up trash, the more time they can devote to creating incredible spaces and community programs. So a huge thank you goes out to these adopters that have made the commitment to help keep our parks clean.

You do not have to officially adopt a park to clean up litter. Everyone is welcome to be a standup citizen by picking up litter anywhere you see it and by reminding those in your circle of influence not to litter. It takes ALL OF US to keep Ennis beautiful.
